

Nichols Roses

Welcome to Nichols' 2025 Rose Catalogue

We're excited to offer 'My Dad' this year to go with the popular 'My Mum'. Plus some new varieties of David Austins and the return of the popular Patio roses.

We will try to source rose varieties not featured in our catalogue but cannot guarantee success.

We take great care to present our roses in good health with regular pest and disease control programmes in each store.

Please take care to ensure well-watered when newly planted, even if it is winter. Roses left un-watered can fail to thrive. It's a good idea to prune at planting time as the roses will have had only had a light trim.

Please see our Handy Helper 'Roses' for advice on planting.

We expect the roses to be in-store from June with all varieties listed to be available by mid-July.

Happy Gardening from the Nichols Team

Rose Name	Code/SKU	Category	Description	Colour/Group	Price
